

About Us:

Let Me Know is a popular portal connecting the Indian youth to hundreds of diverse opportunities of various kinds - internships, workshops, seminars, conferences, tech-fests, literary events and much more. Launched in 2007, the project is the first effort of its kind to achieve scale, despite very limited marketing.

Position Open - Web Developer

Job Overview

1. Own the portal as far as development is concerned
2. Constantly innovate on adding new features to the website particularly Web 2.0 tools
3. Ensure that the website is up and running all the time

What are we looking for?

1. Strong PHP, HTML, CSS, Javascript skills.
2. Well Versed with Web jargons
3. Familiarity with Zend Framework would be a plus if not familiarity with other PHP frameworks is a must.
4. Experience in creating Mash-Ups and integrating Facebook Connect.

Why should you join us?

1. Be part of a successful youth initiative and shape the portal.
2. Join a team which is extremely entrepreneurial and dynamic.
3. Build a strong dynamic network across colleges throughout India.
4. Pursue your interests while moving on a fast learning curve.

Application - Send in your resumes to: joinus@letmeknow.in clearly stating position applied for.
